Art Unit: 3632

This correspondence is in response to applicant's reply filed on 05/03/2007. Claims 1-18 are pending.

DETAILED ACTION

Drawings

The drawings were received on 04/25/2007. These drawings are acceptable.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4, 6, 8, 11, and 16-18 are rejected under 35 U.S.C. 102(b) as being anticipated by Schiodt (U.S. Patent No.: 6473916).

Regarding claim 1, Schiodt discloses an articulated-arm assembly 10 for plumbing fixtures, comprising: a mounting fixture 11 for fastening the assembly 10 in place, an arm 74 jutting out of the mounting fixture 11, a pivot joint (as shown in Fig. 2 below) for joining the arm 74 to the mounting fixture 11, a normally engaged brake 44 for locking the arm 74 in place, and a ratchet 70 that allows pivoting of the arm 74 in one direction while the brake 44 is engaged; where by disengaging the brake 44 the arm 74 can be pivoted without unlocking the ratchet 70 (as shown in Fig. 3).

With regards to claim 2, Schiodt teaches the articulated-arm assembly **10**, where at least one of the brake **44** and the ratchet **70** are part of the pivot joint for the arm **74**.

Art Unit: 3632

Regarding claim 3, Schiodt further teaches the articulated-arm assembly **10**, where a pivot axis of the pivot joint is horizontal. The Examiner notes that the mounting fixture **11** is capable of being fixed in the horizontal direction, which would provide a horizontal pivot of arm **74**.

With regards to claim 4, Schiodt goes on to teach the articulated-arm assembly 10, where the ratchet 70 acts on a sleeve or collar while joined relative to the arm 74 (see col. 7, lines 62-64).

Regarding claim 6, Schiodt further discloses the articulated-arm assembly **10**, where the brake **44** is fastened to the arm **74** such that the brake **44** is constrained from rotating with respect to the arm **74** (as shown in Fig. 2).

With regards to claim 8, Schiodt goes on to teach the articulated-arm assembly **10**, where the brake **44** is a friction brake.

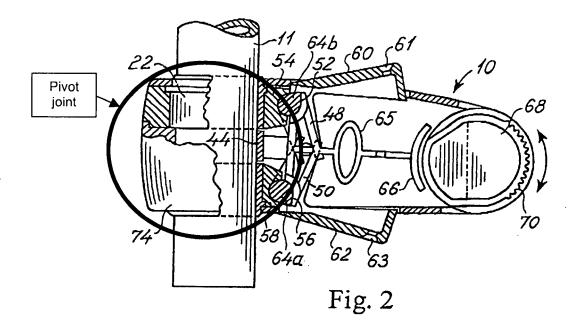

Regarding claim 11, Schiodt discloses the articulated-arm assembly 10, where the brake 44 contains several brake shoes 52,56 having motions with at least one radial component 64a-b.

With regards to claim 16, Schiodt goes on to teach the articulated-arm assembly **10**, where a space accommodating at least one of the brake and the ratchet is sealed with respect to the ambient (see assembled structure of Fig. 1A).

Regarding claim 17, Schiodt further discloses the articulated-arm assembly 10, where the brake 44 has an adjustable braking force (via depressing buttons 60,62).

With regards to claim 18, Schiodt teaches the articulated-arm assembly 10, where the ratchet 70 acts on an outer surface 72 of the sleeve or collar.

Art Unit: 3632

Response to Arguments

Applicant's arguments with respect to claims 1-6, 8, 10, 11, 16 and 17 have been considered but are most in view of the new ground(s) of rejection.

Allowable Subject Matter

Claims 7, 9-10, and 15 are allowed.

Claims 5 and 12-14 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

In addition to the prior art of record, the Examiner submits form PTO-892, as it discloses inventions capable of supporting plumbing fixtures.

Art Unit: 3632

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael McDuffie whose telephone number is 571-272-3832. The examiner can normally be reached on Mon.-Fri., 7AM-3:30PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carl Friedman can be reached on 571-272-6842. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
